

**In:Site Festival 2019**

**Craft - Design - Make**

Birmingham Cathedral Square,  
Colmore Row, Birmingham B3 2QB  
5th - 7th September 2019, 11am-5.30pm

Free.

**In:Site Festival** returns to Birmingham City Centre for a ninth year this September with recent graduates transforming the outdoor space around Birmingham Cathedral with unusual craft 'interventions'. Why not come and watch the artists work, try out new craft techniques and maybe contribute to one of the artworks. It is free for everyone to watch and take part.

Past commissions have included casting jewellery from cracks in paving slabs and contemporary lace pieces on trees inspired by tracking people's movement around the park. With different artists working each day, at the end of the festival visitors can expect to see the space adorned with new art works.

In:Site is organised by Birmingham based arts charity **Craftspace**.

(Work is on show until Sunday 8th)

Free and open to all
